The unfinished business—the consideration of the Report of the Special Committee on the Report of the Directors of the Theological Seminary—was resumed.

Dr. Thornwell offered certain resolutions as a substitute for those presented by the Committee, touching the new Professorship in the Seminary. The first two of these resolutions were adopted.

After considerable discussion on the remaining resolutions of Dr. Thornwell's substitute, on motion of Dr. Leland, Synod receded from business to join in the exercises of the Union Prayer-meeting.

Charleston “	55 00
Harmony “	50 00
Bethel “	45 20

	\$210 20

Mr. Saye, from the Committee on Leave of Absence, presented a Report, which was adopted, and is as follows :

The Committee on Leave of Absence beg leave to submit the following Report :

Communications have been received from the Rev. J. L. Kennedy and the Rev. John Douglas, containing reasons for their ab-

sence from the present sessions. The Committee recommend that these reasons be sustained.

They have also received reasons for tardiness from Dr. Forrest, S. Clarke, and J. F. Gibert; also, from the last-named, an excuse for absence from the last Annual Meeting. They recommend that these excuses be sustained.

They recommend that leave of absence, after to-day's session, be granted to the following members: A. P. Smith, T. H. McCann, A. M. Hamilton, W. McWhorter, A. W. Glenn, T. C. Perrin, S. D. Glen, J. W. Simpson, J. G. Williams, T. R. English, R. H. Wilson, W. H. McIlveen, H. McCall, J. Farrow, E. R. Mills, John Senn, J. Forrest, J. G. Davidson.

On motion of Dr. Adger, it was

Resolved, That, as six ministers and three laymen are to be elected to fill vacancies in the Board of Directors of the Seminary, the first four ministers take the place of the class whose term expires, and the other two that of Mr. Hoyt and Mr. Bishop, who have been removed.

The unfinished business was resumed—the consideration of the Report of the Special Committee on the Report of the Directors of the Theological Seminary; and the last two resolutions of Dr. Thornwell's substitute, were adopted.

The question being then on the adoption of the substitute, as a whole, the same was adopted.

Mr. Watson, from the Committee on the Records of the Presbytery of Harmony, presented a Report, recommending the approval of them, which was adopted.

Mr. Adams, from the Committee on the Records of the Presbytery of South Carolina, presented a Report, recommending the approval of them, which was adopted.

The question still being on the adoption of the Report of the Special Committee on the Report of the Directors of the Seminary, Dr. Thornwell moved to amend the Report further, by the substitution of certain resolutions, for those recommended in the Report, in regard to changes in the Constitution of the Seminary. These resolutions were adopted; and the question then recurring on the adoption of the Report, as amended, the same was adopted, and is as follows:

The Committee to whom was referred the Report of the Directors of the Theological Seminary, have examined it, and find it generally very full and satisfactory.

Some items, however, need the attention of Synod; and, first, in the Treasurer's Report no mention is made of the debt due on the purchase of the library of Dr. Smyth, originally \$15,000, and now, with interest, approaching \$20,000. Neither principal nor interest have yet been paid; and soon, unless something be done, the debt will be unmanageable. The Committee are aware that the Church in New Orleans is expected to contribute this amount, but not its interest, and the contribution is not yet paid. Therefore, they think the attention of Synod should early be directed to this matter.

In the Report of the Treasurer, the salaries of the Professors are all, except one, estimated at \$2,000, when your Committee think \$2,500 the least salary which it is proper we should propose to any Professor, in view of the increased expense of living, and the general advance of ministerial salaries. But with an estimate as low for salaries as that mentioned, and no reference to the debt for the library, there is a deficiency of \$1,222 49 on annual current expenses. On this branch of the subject, the Committee recommend the adoption of the following resolutions:

1. That the debt due for the library of Dr. Smyth receive the early attention of the Board of Directors, and that it be not allowed to increase as it has heretofore.
2. That the Synod regard the increase of the salaries of the Professors now receiving \$2,000 to \$2,500, as most desirable, and that some method be devised to accomplish this.
3. That the Executive Committee early devise some method to supply the deficiency of \$1,222 49, in the current annual expenses of this year.

In the other portion of the Report respecting the Library, the Buildings, the Professors' Report, the Annual Examination, the proposed alteration of the time of vacation, and the benevolent efforts of the students, there is everything to approve.

The noble liberality of Judge Perkins has enabled the Institution to enlarge its number of Professors, and has thus added new value and attractions to it. As certain changes in the Constitution of the Seminary become necessary, the Committee recommend the following:

1. The Professorships in this Seminary shall be those of Biblical Literature; Didactic and Polemic Theology; Church Government and History, Pastoral Theology, and such others as the Synod may, from time to time, establish.

2. The Professors of Biblical Literature, of Didactic and Polemic Theology, of Church Government and History, and of Pastoral Theology, shall always be ordained Ministers of the Gospel. Other chairs may be filled by laymen or Ruling Elders.

They also recommend the adoption of the following resolutions :

1. That—the Synods of Georgia and Alabama concurring—in accordance with the conditions annexed to the generous donation of Judge Perkins—there be added to the existing departments of instruction in the Seminary, a Chair, to be entitled the Perkins Professorship of Natural Science in connection with Revelation ; the design of which shall be to evince the harmony of science with the records of our faith, and to refute the objections of infidel naturalists.

2. That instructions in this department shall be given exclusively by lectures and examinations ; the details of instruction, as to time and classes, to be regulated by the Faculty.

3. That, as soon as the concurrence of the Synods of Georgia and Alabama shall have been obtained in the establishment of this Professorship, it is highly desirable that the Synod of Georgia proceed at once to elect the Professor.

4. That the Synod of Georgia be requested to fix the salary of the Professor at three thousand dollars.

5. That this Synod rejoices in the union of the Synod of Alabama with it, in carrying on this great and important work of theological instruction.

6. That Synod approve the steps taken to enable the Board of Directors of the Seminary to acquire and hold, in any legal method, property to the amount of \$500,000.

7. That Synod make it the order of the day, at ten o'clock to-morrow, to elect Directors, in place of those whose term of office now expires, and that nominations be now made, as required by the Constitution.

The consideration of the resolution touching the payment of a certain amount to the Stated Clerk, was then resumed ; and, after some discussion, Dr. Kirkpatrick, the mover, with the leave of the house, withdrew the resolution.

On motion of Dr. Thornwell, Synod adjourned, to meet to-morrow morning, at 9 o'clock.

Closed with prayer by Mr. Corbett.

When the house again came to order, Mr. Gilland, from the

Committee on the Records of the Charleston Presbytery, presented a report—recommending the approval of them—which was adopted.

Dr. Kirkpatrick, from the Special Committee on the several matters relating to Oglethorpe University, presented the following Report, which was adopted :

The Committee to whom were referred the Annual Reports of the Trustees and of the Treasurer of Oglethorpe University, also the Report of the Investing Committee on behalf of the South Carolina Professorship in the same, would submit the following remarks and recommendations :

I.—IN RELATION TO THE REPORTS OF THE TRUSTEES AND THE TREASURER.

Inasmuch as these papers have been read in the Synod, and will, as we presume, be published in connection with the Minutes, we deem it unnecessary to rehearse the particulars contained in them. It is highly gratifying to us, as it must be to every friend of the Institution, to know that its affairs present so many evidences of a healthful and prosperous condition. This remark applies as well to the state of its finances as to the number of students in attendance upon its exercises. The favor of God so remarkably vouchsafed to the institution in times past, and the blessings it has thus been enabled to confer upon the Church, call for devout thanksgiving, and ought to encourage us whilst we proceed with the efforts which are still required in order to enlarge its usefulness.

It is with much satisfaction we learn that another Professorship has been endowed by the liberality of the Churches in the Synod of Georgia, and that the Synod of Alabama, in the same spirit, has undertaken to raise a sum, two-thirds of which has already been obtained, sufficient for the erection of a commodious building for the accommodation of students. Whilst we may not be prepared, as a Synod, owing to the demands made upon us by claims of a not dissimilar nature, to embark at the present time in an enterprise of equal magnitude with either of those assumed by our sister Synods, we feel, nevertheless, that their example should receive from us some more emphatic response than a simple record of commendation. The Committee, therefore, recommend the adoption of the following resolutions :

1. That the Synod, approving of the employment of a Tutor

to aid in the instruction in the University, earnestly requests of the Pastors and the Sessions of the several Churches in our connection, at some early day and in whatever way shall seem best to them, to make a collection to pay the salary of the said Tutor, and increase the endowment of the South Carolina Professorship.

2. That the proceeds of the collections be remitted to the "Investing Committee" of the Synod, viz.: William Harral and J. S. Bowie, of Charleston; and that the Committee be authorized and are hereby directed to apply the same to the payment of the Tutor's salary, and to any deficiency in the Professor's salary as now to be fixed; and if there should be a surplus, that it be invested as a part of the permanent fund of the Professorship.

II.—IN RELATION TO THE REPORT OF THE INVESTING COMMITTEE.

This paper, which exhibits more satisfactorily than any statements we could make, the diligent attention and judicious skill bestowed upon the fund of our Professorship, and the condition, at once convenient and secure, in which the larger part of it has been placed, will also, we suppose, go upon our records. It appears, however, that notwithstanding the special efforts of the Committee to collect the claims placed in their hands, and consolidate the proceeds in permanent investments, there are still considerable amounts due the fund on notes or bonds given by persons residing in different places throughout our State, on some of which the interest is punctually paid, on others of which it is paid, but not regularly, and on another class it is not paid at all. The original condition of the notes is such that the principal cannot be required so long as the interest continues to be paid promptly, and, of course, the Synod would not wish to violate the terms of the contract with the parties who have given the notes. It is believed, however, that many, if not all of them, if apprized of the trouble imposed on our Committee in attending to these widely dispersed debts, which are usually small in amount and the interest particularly small, would be found willing to pay the notes in full. Besides, it will be impossible, whatever vigilance may be exercised by the Committee, to avoid losses on claims situated as these are, both as it respects the conditions attached to them, and the distance of the indebted parties from the Committee and from each other. In this view, it may be well to authorize the Investing Committee to effect a final settlement with

the payers upon such terms as the Committee shall deem equitable, even at a reduction, in some cases, of the amounts nominated in the notes.

It appears from the report before us that the condition of the fund will justify an increase of our Professor's salary, not only for the future, but also dating back, at least, to the commencement of the present year. Such increase, we are assured, is due to the Professor, and not the less so because that, in former years, when we were not able to do more for him, he submitted, with much self-denial and without complaint, to an inadequate salary, and even now does not solicit, although his increasing expenses absolutely require, an increase of his income. It is from others, acquainted with the facts of the case, we have derived the information on which we make this statement.

It is the opinion of the Investing Committee that a portion of the fund may be changed from the existing to a more profitable and convenient investment, but they do not feel at liberty to make the transfer without the sanction of the Synod.

With the foregoing explanation of the matters on which we have thought some action of the Synod is required, we submit the following resolutions in relation thereto :

1. That the Investing Committee be requested, at as early a period as it may be properly done, to collect the outstanding personal notes as above described, and that the Sessions of the several Churches, in whose bounds the indebted parties reside, be specially requested to aid the Committee in this matter.

2. That the Investing Committee be authorized to make a settlement with the indebted parties above-mentioned, upon such terms as shall be mutually satisfactory, the object herein contemplated being kept in view, namely, the liquidation of the debts by the payment of cash.

3. That the Investing Committee be authorized, if they deem it best, to sell the Georgia State Bonds, amounting to \$4,000, which they hold, and also six half-shares of the Charleston Bank, and re-invest the said amounts in more productive stocks.

4. That the salary of the South Carolina Professor in Oglethorpe University be raised to \$2,000 per annum, dating from the 1st of January, 1859.

5. That the Stated Clerk of Synod be requested to furnish to the Trustees of Oglethorpe University, before their annual meeting in each year, copies of the Financial Reports relating to the

South Carolina Professorship presented to the Synod, with the action of the body thereon; which copies, however, may be in the form of the printed Minutes of the Synod, if they shall contain the matter herein specified.

6. That the Synod expresses hereby the gratification its members have received from seeing and hearing its Professor, the Rev. C. W. Lane, on its floor, and hopes the pleasure may be renewed as frequently as his duties may permit him to attend the sittings of the body.

On motion, Synod then took recess until 4 o'clock this afternoon.

After recess, Synod resumed business.

Mr. Saye, from the Committee appointed to bring in a Minute in reference to the death of the Rev. W. H. Johnston, submitted the following, which was adopted :

Brother W. H. Johnston was a native of Rowan County, N. C. The child of godly parents, he made a profession of faith in Christ in early life. Having prosecuted studies preparatory to the ministry in Davidson College and in the Theological Seminary at Princeton, he was licensed by the Presbytery of New Brunswick. Soon after licensure, he commenced the work of the ministry in the bounds of the Cherokee Presbytery. There he continued faithfully and diligently engaged in his appropriate work till prostrated by disease. When all hope of recovery was gone, he removed with his family to Yorkville, S. C. He was received as a member of the Presbytery of Bethel in April of this year, and his death occurred on the 19th day of June, in the fortieth year of his age.

One who knew him long and intimately has made the following record of him: "Our brother, as a man, was characterized by integrity, candor and singleness of purpose. The leading traits of his mind were clearness, precision and energy. As a companion, he was courteous and affectionate. He was a tender, considerate and devoted husband and father, an humble and devout Christian, and a laborious and successful minister, greatly beloved by the flock over which the Holy Ghost had made him an overseer. But his sun went down at mid-day; and now his labors and sufferings are ended, and he has gone to his reward." In view of this afflictive dispensation of Divine Providence, be it

Resolved, 1. That we deplore the loss of Brother Johnston to the Church militant, and that we cherish his memory as a faithful Minister of our blessed Lord and Master.

Resolved, 2. That we are admonished to be diligent in our work, and to have our lamps trimmed and our lights burning.

Resolved, 3. That the cordial sympathies of this body are hereby tendered to the family of our deceased brother.

Mr. Saye, from the Committee on Leave of Absence, presented the following report, which was adopted :

The Committee recommend that leave of absence, after this morning, be granted to the following persons :—J. C. Burgess, J. B. Bagnall, R. E. Campbell, T. E. Davis, J. S. Bradley, W. W. Bradley, R. R. Rosborough, F. Hobson, S. S. Gaillard, H. B. Cunningham, Roger Brown, A. F. Dickson, W. B. Corbett, W. C. Sutton, A. S. Bui, H. D. Shaw, J. B. Gaston, J. S. Thompson, O. R. Thompson, and W. S. Dunlop.

On motion, it was

Resolved, That the present members of the Synod's Committee of Education be re-appointed.

Mr. Hay, from the Committee appointed to bring in a Minute in reference to the death of the Rev. P. E. Bishop, submitted the following, which was adopted :

The sacred Scriptures declare that God does “according to His will in the armies of heaven, and amongst the inhabitants of the earth.” In sovereignty He determines the time when each individual shall come into the world, surrounds him with peculiar circumstances, assigns him a special work, and when his appointed days are ended calls him from earth. In this world of change, of sorrow and of death, it is delightful to the Christian to know that God reigns—that all things, however dark and mysterious they may appear, have been ordered in wisdom, and justice, and goodness. Death is appalling; we instinctively shrink at his approach; but he becomes disarmed of terror, when Jesus is seen, by faith, holding in His hands the keys of Hades and of death.

Since the last meeting of this Synod, an event of no ordinary importance has taken place. The “insatiate archer” has levelled his shaft at a shining mark; a noble leader in the great sacramental host has fallen. Pierpont Edwards Bishop is numbered with the dead. His house is now desolate; his wife and children mourn over their irreparable loss, and his people weep that he, who, under the Great Shepherd, led them to green pastures, has been removed forever from them. It becomes the duty of this Synod, under circumstances so solemn, to give expression to their

feelings and to lay a garland upon the grave of such departed worth.

Eulogy, it has been said, belongs to the dead. Too often the inscription traced by the hand of affection upon monuments below bears little resemblance to the record made by God above. In commemorating, however, the virtues of one so lovely, the words of truth are like the language of exaggeration. Brother Bishop was, emphatically, a great man—great, not from commanding abilities nor extensive acquirements, but great because he was good. With patient industry he improved the excellent understanding which God gave him. As a scholar, he was accurate; as a theologian, sound and discriminating. His consecration to his Master's service was entire. The beautiful picture drawn by Bunyan faithfully reflects his image; “he had eyes lifted up to heaven, the best of books in his hand, the law of truth was written upon his lips, the world was behind his back; he stood as if he pleaded with sinners, and a crown of gold did hang over his head.” But, alas, he is gone! The places which once knew him, will know him no more forever; the tongue which spoke so sweetly of a Saviour’s dying love, now moulders in the grave. Beloved brother, farewell! We will remember thy virtues, and pray for grace to follow thee even as thou didst follow Christ.

“Thou’rt gone to the grave, but ’twere wrong to deplore thee,
When God was thy ransom, thy guardian and guide;
He gave thee, and took thee, and soon will restore thee,
Where death has no sting, since the Saviour has died.”

Resolved, That the Synod has learned with deep emotion the death of the Rev. P. E. Bishop, and desires to express its heartfelt sympathy with his family in their sore bereavement, and prays that the rich consolations of God’s grace may abide with them.

Mr. W. W. Wilson, from the Committee appointed to bring in a Minute in reference to the death of the Rev. Joseph Brown, submitted the following, which was adopted:

The Rev. Joseph Brown, whose death has been announced, was born in Robeson County, N. C., on the 7th of August, 1795. He was reared and educated in his native State, and was licensed to preach the Gospel by the Presbytery of Fayetteville in May, 1830, in the thirty-fifth year of his age. After entering the ministry, he preached for short periods of time successively to the

Churches of Laurel Hill and Centre, and also, the Churches of Philadelphus, Ashpole and Little Pee Dee ; the last three constituting the same pastoral charge. In 1838, he was called as Pastor to the Church of Hopewell, Marion District, S. C., and there remained to the end of his life.

Brother Brown was remarkable for his unostentatious piety, for the modest estimate he placed upon his own powers, and for the great fidelity with which he preached the Gospel of his Master. For a period of twenty-one years, he exercised, with great acceptance, the functions of a Pastor in a large and intelligent congregation, all the while enjoying the entire confidence and sincere attachment of all his people. The undivided verdict of all who knew him intimately is, that "he was a good man ;" and now that he is no more, nothing, it is believed, is attached to his memory that would in the slightest measure derogate from him as a man of fervent piety, and as a faithful Minister of Jesus Christ. His brethren of Harmony Presbytery, with whom he was associated for a long time, remember him as one of the meekest, wisest, and most devoted men of all those who have passed away from among them ; and they now rejoice in bearing their testimony that, in the death of Brother Brown, an efficient Minister has ceased to live.

It pleased God, for a good while before his death, to lay a heavy bodily affliction upon him. For many months he suffered the ravages of a terrible malady, until, by slow degrees, it ate up his life. This he endured with amazing fortitude, and with a resignation well becoming a true child of God. Day after day he waited anxiously to hear the summons of his Master, and on the 17th of May, 1859, and in the sixty-fourth year of his age, the voice was heard inviting him to come up higher, when he laid aside his armor and obeyed ; and, as death claimed his body as its victim, his spirit went up to receive the reward of the faithful servant. "He rests from his labors, and his works do follow him."

Mr. John McLees, from the Committee of Domestic Missions, presented the following report which was adopted :

The Committee of Domestic Missions would respectfully report to Synod :

That the cause of Domestic Missions during the past year has been on the advance. In the Presbytery of Harmony this work has been carried on in a very systematic manner. A Standing Committee of Domestic Missions has been appointed, of which the Rev. T. R. English is the Chairman, who also acts as Evangel-

ist at a salary of \$1,000, with his expenses paid. He has been much encouraged in his labors; has preached a hundred and sixty-one sermons and received fifty members into the Church. The Committee is authorized to call upon the Pastors to perform one or two weeks' labor at the destitute churches or stations; and it is the purpose of the Committee in this way to supply all the destitute churches with the bread of life every two weeks. Two churches have been organized, and one church building dedicated. Nine hundred and fifty dollars have been appropriated to aid feeble churches, in addition to the salary of the Evangelist. Thus this Presbytery has entered upon the work very fully, very systematically, and with very flattering prospects.

In the Presbytery of South Carolina, nine of the brethren have acted as Domestic Missionaries for the whole or a part of their time, at fifteen churches and four stations; and several of these Churches have been refreshed by the special outpouring of the Holy Spirit. Over \$1,000 have been appropriated by the Domestic Missionary Committee to aid these feeble churches. The Rev. S. S. Gaillard, under the direction of the Committee, acted as Evangelist for four months; and such was the encouragement attending his labors, that the Presbytery has appointed him as Evangelist at a salary of \$1,000 per annum. The Presbytery feels encouraged to go forward in this good work.

In Charleston Presbytery, the interest in the cause of Domestic Missions is unabated. A resolution has been adopted by the Presbytery to employ an Evangelist so soon as a suitable Minister for the work shall be found.

In Bethel Presbytery nothing special has been done in the work of Domestic Missions; but a desire has been expressed to have an Evangelist to preach within its bounds, and to carry on the work in a systematic manner.

In conclusion, your Committee would recommend the adoption of the following resolutions :

Resolved, 1. That the Synod, with devout gratitude, acknowledges the success that has marked the Domestic Missionary efforts within its bounds during the year.

Resolved, 2. That, encouraged by the past, we unitedly pledge ourselves to go forward in this great and good work with renewed zeal for coming time.

On motion of Mr. Saye, the Rev. S. L. Watson was appointed to deliver the next annual discourse on Foreign Missions; and on

motion of Dr. Leland, the Rev. J. H. Saye was appointed his alternate.

On motion of Dr. Kirkpatrick, it was

Resolved, That one hundred dollars be paid annually to the Stated Clerk of this body for incidental expenses of his office, and that the Presbyteries be required to pay each one-fourth of this sum at their Spring sessions.

On motion of Mr. Cater, it was

Resolved, That the Committee on Psalmody be discharged.

Dr. Howe, the Historiographer of the Synod, made a verbal report, conveying information as to the nature and difficulties of the work entrusted to him, and the progress which he had been able to make.

Mr. Banks, from the Special Committee on the Report of the Committee of Education, presented the following report, which was adopted:

The Committee to whom was referred the Report of the Synod's Committee of Education, with the Treasurer's account, would report:

That they have examined the account, and find it correct. They are gratified to find, that, by the favor of God, the funds for this cause have increased to such an amount. But in view of the encouraging increase in the number of students in the Theological Seminary, there will be a necessity for a corresponding increase of the contributions for this cause during the coming year.

Your Committee would recommend this great object of Christian beneficence to the increased liberality of all our churches.

On motion of Chan. Johnston, it was

Resolved, That the Committee on the Digest of the Decisions of Synod be continued. (See Appendix.)

On motion of Dr. Thornwell, Mr. H. C. Bronson was elected the Treasurer of the Synod for Foreign Missions.

Mr. Morse, from the Special Committee on the Report of the Executive Committee of Foreign Missions, presented a report.

Pending the discussion of this report, on motion, Synod took recess until after public worship this evening.

After recess, the house came to order, and resumed the unfinished business—the consideration of the Report of the Special Committee on the Report of the Executive Committee of Foreign Missions.

After having been amended, this Report was adopted, and is as follows:

The Special Committee to whom were referred the Report of the Executive Committee of Foreign Missions, and the Treasurer's account, would submit to Synod, for its adoption, the following resolutions:

1. That the Treasurer's Report, and that of the Treasury in New York, be printed in the Appendix to the Minutes.

2. That the Synod has heard with regret of the resignation of its Treasurer, Mr. James M. Caldwell, who has been so faithful for the period during which he has served, and they would recommend that Mr. H. C. Bronson be earnestly requested to accept the office of Treasurer.

3. That Messrs. John A. Crawford and Andrew Crawford be the Auditing Committee on the Accounts of the Treasurer.

4. That this Synod expresses its profound regret at the course that has lately been pursued by the American Board of Foreign Missions towards the Missionaries to the Choctaw Indians. Your Committee learn, that in former years this Synod had Missionaries laboring among these Indian tribes, but gave them up to the care of the American Board. It, therefore, seems to us that there is a special propriety in this Synod's coming, so far as is proper, to the relief of the discarded missionaries; and we recommend to our Board at New York, to extend such aid to the missionaries as is practicable, in case they desire it; and we venture to express to the Board the belief that the churches in our bounds will be ready to contribute substantial aid in this noble cause.

5. That the Synod invites all the churches in its connection to increase their wonted annual contributions to Foreign Missions twenty-five per cent., with the view of aiding in the support of the Choctaw Missions, in case they should come into connection with our Board.

6. That this Synod affirm, as its own, the resolutions of our last General Assembly on the subject of Missions, as follows:

"Resolved, That it becomes us as a church, humbly, yet with our whole heart, gratefully to acknowledge the goodness and grace of God, in giving so signal an answer during the past year, to the prayers of His people, in restraining the wrath of the heathen—taking obstacles out of the way of His servants—preserving their lives, and setting His approving seal to their

labors, by accompanying them with the marked and effectual influences of His Holy Spirit.

"Resolved, That the Providence of God calls upon the churches in tones that cannot but be heard, and ought to be heeded by all her ministers and members, to the exercise of increased liberality in contributing of their substance to the service of Christ, in this particular department of that service; but especially that they should accompany the exercise of this grace with that of prayer to the Lord of the harvest, that He would send forth laborers into His harvest; that He would abundantly shed upon them the spirit of promise; that they may be endued with power for their work, and then pour out the same spirit in copious effusions upon the nations; that their hearts may be open to receive the truth in the love of it, and that they may be saved.

"Resolved, That the General Assembly highly approve of the efforts made by the Board to enlist the interest of the children of the Church in the work of Foreign Missions; and they would urge upon all Pastors and Ruling Elders throughout the Church to instruct the baptized members of our congregations in regard to these obligations."

On motion, it was

Resolved, That the thanks of the Synod be tendered to the Presbyterian Congregation, and to the community of Columbia, for their kind and hospitable entertainment of its members.

The minutes of this day's session were read and approved.

The Synod then adjourned with singing, prayer, and the Apostolic benediction, to meet in the Glebe Street Church, Charleston, on the last Wednesday of November, 1860, at 7 o'clock, p. m.

APPENDIX.

NARRATIVE

Of the state of Religion within the bounds of the Synod of South Carolina, October, 1859.

The Synod of South Carolina, in presenting to the churches under its care the narrative of the state of religion within its bounds during the ecclesiastical year which has just closed, feels that it has abundant cause for thankfulness to the Great Head of the Church, for the continued manifestations of His presence and blessing with which He has been pleased to favor our Zion.

A collation of the facts mentioned in the statements furnished by all our Presbyteries shows, that notwithstanding the weakness of faith and the imperfect performance of their duty on the part of our ministers and people, still God has been merciful unto us, and has shown himself willing to forgive our iniquities, and to remember our transgressions no more against us.

It is true that He has spoken to us in the way of judgment, as well as of mercy. He has laid affliction upon us. It has pleased Him who walketh in the midst of the candlesticks and who holdeth the seven stars in his hand, in his wise and mysterious providence, to remove three of the beloved and faithful watchmen upon our Zion's walls from the scene of their labors and sufferings to the place of their rest and joy—from the Church militant to the Church triumphant. And while we would acquiesce without a murmuring word in these solemn dispensations, we would humbly pray that these speaking providences, may be so sanctified to us who remain, that they may be the means of exciting us to greater faithfulness, to more zeal, and to more entire consecration to the great work which our divine Master has committed unto us.

All our Presbyteries speak of the increased numbers who attend

the ministrations of the sanctuary, and the fixed attention and deep solemnity which have generally characterized these assemblages.

Sabbath-schools and Bible-classes are maintained in nearly all our churches; thus furnishing to the youth of our congregations the means of spiritual instruction, and the opportunity for increasing their knowledge of those Scriptures which are able to make them wise unto salvation.

The colored portion of our population has not been neglected in the ministrations of the Gospel. All the Presbyterial reports state, that they have had that attention and instruction bestowed upon them, which their numbers would justify, or circumstances permit.

And one of our Presbyteries reports the cheering fact, that an enterprise commenced some years since for their special benefit, in our largest city, has been crowned with such abundant success; that during the past year it has been found necessary to erect for their accommodation, in connection with the white congregation now associated with them, one of the largest church edifices in our country; and the still more cheering fact is stated, that even this capacious building is filled, Sabbath after Sabbath, with those, many of whom would have been found in the haunts of iniquity, or desecrating the day by sinful idleness. Another Presbytery speaks of the interest taken in this class of our people, as exhibited by the attention paid to the oral catechetical instruction of the colored children of the congregation; by means of which, there is thus, in the morning of their days, imparted to them, an amount of religious knowledge, which prepares them, in more mature life, for receiving a greater degree of benefit from the means of grace which they may enjoy; and which, when brought under the effectual operations of the Holy Spirit, enables them to make a more creditable and satisfactory profession of their faith.

Meetings for prayer seem to have been observed more generally than usual in our congregations. One of our Presbyteries refers particularly to the fact, that in some of its congregations, a number of these meetings for social prayer are held, and the interest of the people in them is evinced by the large numbers which attend. Even the children of the Church, and those too of the gentler sex, have assembled in their own prayer-meeting, and bowing around the mercy-seat of their Heavenly Father, have mingled their lisping petitions with that almost universal chorus of prayer which has gone up from the churches and the Christian hearts of

every land during the past year. Has not the time again come, when out of the mouths of babes and sucklings God has perfected praise?

Though we are not permitted to record any general and remarkable effusion of the Spirit upon the churches within our limits during the year, yet two of our Presbyteries state that in one or more of their churches, a special season of revival has been enjoyed; and one of these Presbyteries says, that all its churches have received accessions of from one to thirty members; and we have reason to believe that the same statement, in substance, might have been made in respect to all our Presbyteries, had the fact been specially noted.

As further reasons for thankfulness and sources of encouragement, we might refer to the apparent increase of Christian love and fellowship, as exhibited by the members of different denominations towards each other, the growing liberality of our churches, as manifested by their increased contributions to the various benevolent operations of our church, and especially as shown in the enlarged and commendable efforts made for the supply of our home destitutions, by occupying the waste places in the bounds of our own Synod. God seems to have given our churches a mind to work in this department; thus indicating that He is about to prosper their efforts, and bless the work of their hands upon them.

But while we are thus permitted to speak of all these and other cheering facts mentioned by the Presbyteries, we are also constrained to confess that there is a dark side to the picture.

It is a lamentable truth, that many professing Christians are still too much engrossed with the things of time—too much conformed to this world—too much under the influence of that spirit of avaricious covetousness, which is idolatry. In respect to these things, it becomes us to humble ourselves, to repent and do our first works, lest judgment come upon us.

Permit us, then, in conclusion, beloved brethren, earnestly to beseech you as ministers, as private Christians, and as churches, to remember that we live in a most remarkable era; and it becomes us to note well the times that are passing over us, and to feel that the privileges which we enjoy, and the position in which we are placed, call for the most ceaseless activity and most earnest devotion in the work which our Master has assigned us.

God, by His providence, as well as His Word, is loudly calling upon Christians and churches to lay aside every weight, and put

on the whole armor of God, that so they may be fully prepared to run with diligence the Christian race, and fight successfully the battles of the Lord.

And now, especially, when our God seems so willing to be entreated of by His people, that even while they are yet speaking, He graciously condescends to bestow the rich blessings they need, will not every Christian heart in our entire Synod unite as the heart of one man in one fervent, importunate petition to the Father, through Jesus Christ, His Son, for a glorious effusion of the Holy Spirit upon every church, and family, and heart, within the limits of our territory; and that the same blessed influence may flow out beyond, and spread and extend until the universal church is revived, and our world is redeemed from the thralldom of Satan, and filled with the knowledge of the glory of the Lord.

The Committee would report on the several items referred to them as follows :

I. Concerning the Library.

The condition of the rooms, and the condition of the books, present an aspect of great neatness and order. It is evident from such examination as we have been able to make into this important department, that those having it in charge, feel a commendable pride in preserving from injury and loss, what the Librarian, in his report to us, styles, the "literary treasure" of the Seminary.

During the year, forty-nine volumes have been added to the "old Library," and eighty-five to the "Smyth Library." Of the additions to the former, thirty-nine volumes were presented by the Board of Publication, one by the Rev. Dr. Armstrong, two by the South Carolina Historical Society, one by the Smithsonian Institute, four by Rev. J. A. Wallace, and two Arabic manuscripts bound by Alfred Henners, Esq., of New Orleans. Of those to the "Smyth Library," six have been presented by Dr.

Smyth, and twenty-nine have been presented by him to complete sets, at one dollar and twenty-five cents per volume, which is less than the cost to himself.

The present number of volumes is,	
Old Library.....	5,717
Smyth Library	11,624
Total.....	17,341

The Librarian remarks, that "It may be interesting to the Board to know, that our Seminary occupies the third place, in reference to the Libraries, among the Theological Schools in our country."

The manuscript catalogue of the books, the preparation of which the Board, at its last meeting, directed to be continued, has, we are gratified to learn, been completed and submitted to the Board for their inspection. It is highly desirable that the catalogue should be printed, and the Committee hope that the Board shall, ere long, see their way clear, to order the work to be done.

Owing, however, to pressing demands upon the funds of the Seminary, to meet expenses which have been or shall be incurred for objects of indispensable importance to the Institution, we are reluctantly compelled to recommend that it be delayed to some future and more favorable time. Besides, we hope that in a very few years, the Board will find themselves in a condition, as to their finances, to proceed to the erection of a building, for the special uses of the Library; in which event it may be necessary to make such changes in the catalogue, as would destroy its value if in print. Still another reason may be mentioned, as suggesting the propriety of delay. There are, in the two divisions of the Library, duplicate copies of many works of which a single copy is quite sufficient for all the purposes of the Institution. It is therefore recommended, that the Faculty be authorized to dispose of any such duplicates belonging to the old Library, as in their judgment may be parted with without impairing the value of the Library as a whole, or by selling them and applying the proceeds to the purchase of other and more useful works.

With a view to its preservation for publication hereafter, and to its more convenient use in the meanwhile, we recommend that the Librarian have the manuscript catalogue bound in some substantial form. We, also, recommend that the action of the Executive Committee, in authorizing the appointment of a Sub-Librarian

from among the students, at a salary of one hundred dollars per annum, be approved by the Board.

II. It gives us much pleasure to state, that the Synod of Alabama has adopted the Constitution of the Seminary as amended by the Synods of South Carolina and Georgia, and has elected a full corps of Directors according to the provisions of that instrument, one of whom we have had the happiness to welcome as a member of the Board at the present meeting.

The following communications embracing these facts, and others of interest to the friends of the Seminary, we beg leave to submit, as a part of this report, and ask that it be recorded at length on the Minutes of the Board:

SELMA, March 24, 1859.

To the Executive Committee of the Board of Directors of the Theological Seminary at Columbia, S. C.

Dear Brethren,—The Synod of Alabama, during its last sessions on the 11th of December, 1858, adopted the following resolutions, to wit :

1. This Synod hereby adopts the Constitution of the Theological Seminary at Columbia, S. C., as amended by the Synods of South Carolina and Georgia at their last sessions.

2. This Synod will proceed to the nomination and election of twenty-one Directors of the Seminary, viz.: twelve ministers and nine laymen—one-third of each to serve for one year, one-third for two years, and one-third for three years. The said nomination shall be made immediately after the action of the Synod on this report; and the election shall be the first order of the day, on Monday next, after the reading of the minutes; and annually hereafter, the Synod will regularly supply the vacancies occurring in the part of the Board of Directors elected by it.

3. This Synod commends the Seminary to the constant prayers and benefactions of the people in its bounds.

4. If the Board of Directors should judge it to be necessary and desirable to employ an agent to solicit contributions in Alabama, for the complete endowment of the Seminary, the Synod earnestly recommends its ministers and churches, to give such agent a cordial welcome, and to bestow, of their means, on this object, freely and liberally, as God may enable them.

5. This Synod expresses its ardent desire, that the friends of this institution will not cease from their labors, until it is fully endowed in all its departments, and thoroughly furnished for its

work ; that it may be, indeed, more than it has ever been, an honor and a blessing to the Southern churches, a tower of defence for Gospel truth, as we believe it, and the instrument of salvation to many precious souls.

It is our duty further to inform you, that in accordance with the second resolution above mentioned, the following persons were elected Directors of the Seminary, to wit :

FOR ONE YEAR.

It gives us great pleasure, in communicating the above action of the Synod of Alabama, to assure you that it was taken with entire unanimity, and with the most cordial and hearty interest on behalf of the Seminary ; and we earnestly hope that it may result in material benefit to that Institution, as well as to the Synod itself. Please to lay the communication before the Board of Directors at their next meeting, and oblige,

Yours, most truly,

A. A. PORTER,

Chairman of Committee.

III. *The Donation of Judge Perkins.*

It appears from the Report of the Executive Committee, that Judge Perkins, of Mississippi, has made a donation to the Seminary of the sum of fifty thousand dollars ; the same being in the shape of evidences of debt, now in the hands of the Treasurer, of which thirty thousand dollars will be due on the 1st of January,

1860, and the remainder (twenty thousand dollars) on the 1st of January, 1863; and the whole amply secured. The objects and conditions of this gift are fully set forth in an instrument of writing, bearing the signature of Judge Perkins, and of the Executive Committee, through their attorney, the Rev. Dr. J. A. Lyon, of Columbus, Mississippi, which paper we append as a part of this Report. In relation to this whole matter we propose to the Board the following resolutions:

1. That the Board fully approves and sanctions the steps taken by the Executive Committee as set forth in their Report and the accompanying papers.
2. That the Board recommends to the Synods of South Carolina, Georgia, and Alabama, to establish the Professorship in the Seminary designated by Judge Perkins in the instrument of writing above referred to, for the objects, and according to the conditions therein set forth.
3. That the Professorship, if established, as recommended in the foregoing resolutions, be styled the Perkins Professorship of Natural Science in its relations to Revealed Religion.
4. That it be recommended, in case the said Professorship be established by the Synods, that they alter Article I., Sec. 5. of the Constitution of the Seminary, so as to read thus: "The number of Professors in this Seminary, when fully organized, shall not be less than five, viz.: a Professor of Biblical Literature, of Christian Theology, of Church History and Polity, of Pastoral Duties and Sacred Rhetoric, and of Natural Science in its relation to Revealed Religion. There may be also a Tutor of the Hebrew language, to be appointed by the Board, and his salary to be fixed by them."
5. That the Investing Committee of the Board for South Carolina be requested to take charge of the funds accruing to the Seminary from the donation of Judge Perkins as they may be collected, and to invest the same in bonds, stocks, or otherwise, according to their best judgment.
6. That the thanks, not only of the Board, but also of the friends of the Seminary, and of the Christian public in all the South, are due Judge Perkins for his munificent donation. Conscious that we can make no adequate return to him, we would commend him, whilst it may please the Lord to prolong his days amongst us, and in view of the realities that await him in the world to come, to the riches of His grace, to whom, as the Great Head of the Church, the Institution thus supplied with increased facilities for accom-

plishing its sacred offices has been consecrated. It shall be our part to endeavor with all fidelity and diligence to render the benefaction of which we are the recipients effectual, in the highest degree attainable by us, in maintaining the truth and advancing the kingdom of our Lord upon the earth. Thus shall we stand approved in his sight, and at the same time, as we are persuaded, most acceptably show to our venerable friend, the benefactor, that his liberality is rightly and truly appreciated.

7. That the thanks of the Board are also due to the Rev. J. A. Lyon, D. D., for his valuable services as agent for the Seminary, in consummating the arrangement respecting the donation of Judge Perkins.

8. That the Secretary of the Board transmit copies of so much of this Report as relates to the donation of Judge Perkins and Dr. Lyon.

IV. *Change of the Charter.*

In accordance with a suggestion of the Executive Committee, we recommend, that an application be made to the next Legislature to amend the charter of the Seminary, so as to authorize the corporation to hold property and funds, amounting in value to five hundred thousand dollars, and that the President of the Board be required to take the necessary steps for securing this object.

V. *Instrument of Conveyance from Judge Perkins.*

STATE OF MISSISSIPPI, }
COUNTY OF LOWNES. }

This written instrument of gift, donation, contract, and agreement, made and entered into, this fifteenth day of January, in the year of our Lord one thousand eight hundred and fifty-nine, by and between Hon. John Perkins, of the County and State aforesaid, of the one part, and "the Board of Directors of the Theological Seminary of the Synod of South Carolina and Georgia, of Richland District, of the State of South Carolina, of the other part, *Witnesseth*, That whereas the said John Perkins is anxious and desirous of making an investment of funds during his life, which will be a permanent source of good to his fellow-creatures after his death; and whereas he is fully satisfied, that the greatest good in his power to bestow upon his fellow-men may be effected by and through the said Board of Directors above-mentioned, in the manner, way, and under the restrictions hereinafter-mentioned and stated: Now, for, and in consideration of the premises, the said John Perkins hath given, granted and donated, and doth, by

these presents, give, grant and donate, unto the said Board of Directors, and their successors in office, the sum of fifty thousand dollars, and hath, of this date, transferred and delivered to said Board of Directors the following evidences of the debt, to wit: a certificate of deposit in the Columbus Life and General Insurance Company, of Columbus, Mississippi, for twenty-five thousand dollars, payable the first day of January, 1860; one note on Hamilton Barkwile & Co., for five thousand dollars, payable the first day of January, 1860; one note on Heale & Murdock for ten thousand dollars, payable on the first day of January, 1863; and one note on Abram S. Humphries for ten thousand dollars, payable the first day of January, 1863; all of which said evidences of debt are well secured, and constitute the gift of fifty thousand dollars as aforesaid, under the following conditions, purposes, objects, plans, restrictions and stipulations, that is to say: First, as we live in an age in which the most insidious attacks are made upon Revealed Religion through the natural sciences; and as it becomes the Church, at all times, to have men capable of defending the Faith once delivered to the Church, it is the object and design of the said John Perkins, and it is hereby ordered, and directed and made by these presents, one of the conditions, restrictions and stipulations of said gift, that thirty thousand dollars of the same shall be vested, as a permanent fund, for the endowment of a Professorship, in said Theological Seminary, of the Natural Sciences as connected with Revealed Religion.

Second. This, the design of the said John Perkins, and by these presents directed and made one of the conditions and stipulations of said gift, that the remainder of the same, to wit: the sum of twenty thousand dollars, shall be permanently invested, and the annual interest or proceeds from the same, shall be used and employed by the said Board in the following manner, to wit: One-half of said interest or proceeds, shall be appropriated for the education of indigent, pious young men, free of expense, for the Gospel Ministry; the same being members of the Presbyterian Church in the United States, to which said Theological Seminary belongs—and the other half of said interest or proceeds be appropriated for the use, benefit, and support of disabled Ministers of the Gospel, and their widows and orphans, belonging to the Church aforesaid. And it is hereby expressly understood between the parties, that the preference in the objects before mentioned, shall always be given to the citizens of Mississippi and Louisiana. The said John Perkins, being also conscious that the latter investment

is entirely insufficient for the great object designed; he therefore designates the same as the beginning of a fund for the objects and purposes specified, and which must be rendered useful by increasing the same, and enjoins on said Board, to use all proper means in bringing said subject to the consideration of said Church, that the fund may be augmented; that it may be a permanent benefit to the Church. It is hereby further covenanted, agreed and stipulated between the parties, that the principal of said fund, hereby conveyed and donated, shall never be used for any other purpose; but only the interest or proceeds of said fund, shall be used and employed as heretofore directed.

And it is further covenanted and stipulated between said parties to this instrument, that in case the said funds, or any part of them, shall be used or employed in any other way or manner, or for any other object or purpose whatever, than those herein specified, without the written consent of said John Perkins, then and in that case, said gift shall be forfeited by said Board of Directors, and the said sum of fifty thousand dollars shall be paid over to said John Perkins, his heirs and assigns.

And the said John Perkins, and the said Board of Directors, by and through their Executive Committee, to wit: James H. Thornwell, Chairman, J. A. Crawford, and Andrew Crawford, for themselves and their successors in office, have each hereby signed and delivered to each other, duplicates of this present instrument in writing, hereby obligating and binding each party to the other for the faithful performance of all the acts, conditions, restrictions and stipulations, in this written instrument contained.

In witness whereof, said parties have hereunto set their hands and seals the day and year above written.

Members of the Executive Committee.	JOHN PERKINS, JAMES H. THORNWELL, <i>Chr. Ex. Committee,</i> ANDREW CRAWFORD, <i>Treasurer.</i> J. A. CRAWFORD, <i>with the Treasurer Investing Committee,</i> <i>By their Attorney in part,</i> JAMES A. LYON,	[L. s.] [L. s.] [L. s.] [L. s.] [L. s.] [L. s.]

The Committee on Buildings presented a Report which was re-committed for amendment.

The Committee, to which was referred the Report of the Faculty, submitted the following Report, which was adopted, viz.:

That they have examined the Annual Report of the Faculty and recommend that it be approved by the Board.

They also recommend the adoption of the suggestion contained in the Report respecting the change of the time of commencing and closing the Seminary term, by the adoption of the following resolution, viz. :

Resolved, That hereafter the term commence on the third Monday in September, instead of the first Monday in October, and close with the second Thursday in May ; and that the Annual Meeting of the Board take place on the evening of Monday before the second Thursday in May in each year, and that the Annual Sermon be delivered at 8 o'clock, P. M., on that evening, in the First Presbyterian Church of Columbia—the examination of the Seminary occurring on Tuesday, Wednesday and Thursday, being the last days of the term.

The Board attended the examination of the Seminary until 2 o'clock, at which hour they took recess until 3 o'clock, P. M.

3 o'CLOCK, P. M.

The Board met, when the Report of the Building Committee was presented and adopted, to wit: The Committee have examined the Report of the Building Committee, which was referred to them, and recommend the adoption of the following suggestions contained therein, viz.: That several hearths in Simmons' Hall, which are out of order, be re-laid; that whatever repairs are needed through the buildings be made; and that the gutters on the Centre Building, which have injured the stone beneath them, be examined and the evil remedied.

They also recommend that a leak on Law Hall be stopped; that the roofs of Law Hall and Simmons' Hall be painted, to prevent their injury from rust; that all the stoves in the Lecture Rooms be made secure against fire, and that the desks and furniture of these rooms be put in proper order. The Committee recommend that the cupola on the Centre Building be removed, and that that portion of the roof be covered with tin. A new Chapel and Library are much needed, but from want of means in the Treasury,

prayer, "Thy kingdom come," will be the proper resort of the Board in this necessity; and this let us give in charge to the Executive Committee. All of which is respectfully submitted.

The following resolution was then adopted, viz.: Whereas the number of Synods which must be supplied with copies of the records of the Board and of their papers relating to the Seminary, imposes on the Secretary an onerous amount of labor in making the necessary transcripts, therefore,

Resolved, That the Secretary be authorized to employ the aid of an amanuensis or copyist, in making the said transcripts, the expenses thereby incurred, to be paid by the Treasurer.

On motion,

Resolved, That the Faculty be instructed to have a new edition of seven hundred and fifty copies of the Constitution of the Seminary, as amended, published in pamphlet form. The Board then adjourned to meet on Monday before the second Thursday in May next, at 8 o'clock, p. m. Closed with prayer.

XI.—THE LIBRARY.

Since the last Annual Report, forty-nine volumes have been added to the "Old Library," and eighty-five to the "Smyth Library." Of the additions to the former, thirty-nine volumes were presented by the Board of Publication, one by Rev. Dr. Armstrong, two by the South Carolina Historical Society, one by the Smithsonian Institute, four by Rev. J. A. Wallace, and two Arabic Manuscripts (bound) by Alfred Hennen, Esq., of New Orleans. Of those to the "Smyth Library," fifty-six have been presented by Dr. Smyth, and twenty-nine have been purchased by him to complete sets already commenced, at one dollar and twenty cents per volume.

The Old Library contains, volumes.....	5,717
Smyth " " " 	11,624
Total.....	17,341

The Board authorized the Faculty to dispose of duplicates of the "Old Library," by sale, or exchange for other books, if, in their judgment, this could be done without impairing the value of the Library.

The Librarian prepared, under the order of the Board, a manuscript catalogue of the books in the library, which was ordered to be bound in a substantial manner for future use, until the funds of the Board should warrant its printing.

XII.—THE BUILDINGS.

The buildings are kept in good repair by such attention as is necessary. The Board have ordered the repair of the roofs where there are leaks, the relaying several hearths and such painting as was needful. The removal of the cupola has been ordered, and the covering of that portion of the building with tin.

Of the Middle Class of last year, which became the Senior Class of the present year, two do not appear on the roll of our students. One; Mr. J. DeWitt Burkhead, is pursuing his studies in Scotland ; and another, Mr. A. McD. Wrenn, departed this life during the summer vacation, the victim of a rapid consumption, deeply regretted by us and by all who knew him.

Two other members of the Senior Class have been absent a portion of the time ; one of them, Mr. Archibald McQueen, through impaired health, which hastened his return to his home. Another, Mr. John A. Danforth, was ordained on Sunday, the 1st of May, as a missionary to China, and has been under the necessity of absenting himself from the Seminary before the examination, to make arrangements for leaving his native shores for that distant land. Another, Mr. Harvey, left us to obtain license of his Presbytery, and has not yet returned.

Of the Middle Class, Mr. Hunter has been absent the last half of the term.

Eleven of the students, ten in the Senior and one in the Middle Class, have been licensed, during the year, chiefly at the spring meetings of Presbytery.

2. *Charitable Aid.*

Twenty students have received aid of a pecuniary nature, to enable them to pursue their studies. Of these, twelve or thirteen have been dependent on the scholarships in part, and in part on

the funds of the Education Committee of the Synod, and the rest on their Presbyteries, or funds furnished by churches, ladies' societies, or individual benefactors, under the advice and superintendence of the committee. The names of students on the scholarships will be found on the records of the Faculty, and other beneficiaries, with the sums they have received, on the report of the treasurer.

The appropriation for cheapening board in lieu of the arrangement of a Steward's Hall, which was formerly contemplated, but not carried into execution, has been received by all the students, and has been met by funds raised for this purpose by the Professors, without encroaching upon moneys otherwise appropriated.

3. *Course of Study and Proficiency of Students.*

This will be most perfectly known from the reports of the instructors in the several departments.

Department of Biblical Literature.—Rev. James Cohen, Tutor.

The Junior Class have met the Hebrew Tutor once every day, (Sabbath excepted,) for the study of the Old Testament Scriptures in the original languages. They have read nearly the whole of Gesenius' Hebrew Grammar, the whole of Rigg's Chaldee Manual, the first twenty Psalms in Hebrew, and the second, third and fourth chapters of Daniel, in Chaldee.

They have also translated the whole of the first chapter of St. John's Gospel, from the Greek into the Hebrew. They deserve the praise of marked diligence and great punctuality.

The Senior and Middle Classes have attended the Hebrew Tutor once a week, for the study of the Chaldee language. They have read the whole of Rigg's Manual, including his extracts from the Targums.

The Hebrew Tutor has also met three students from the Middle and three students from the Senior Class, three times a week, for the study of the Arabic language. They have read a part of Stewart's Arabic Grammar, and began Oberleitner's Chrestomathia Arabica.

Owing to the novelty of this branch of study, and the great difficulty of finding ample time for preparation, this class has not made that proficiency which they were expected to make.

On the whole, the subscriber feels much pleasure in reporting favorably of most all the classes in his department.

Biblical Literature.—Dr. Howe, Professor.

Under the Professor of Biblical Literature, the Junior Class have read in Greek, for Exegetical study, nearly half of the four Gospels, as arranged in the Harmony of Robinson. Angus' Biblical Hand-book, has been adopted as a text-book, with this and the preceding Junior Class, in place of the lectures for a few years past, delivered by the Professor, on the topics of Biblical Interpretation and Introduction. The Senior and Middle Classes have read in Greek, the Epistles to the Colossians and Romans. A considerable inequality prevails among the Students in their studies, more observable in the Junior year, from the defective drill and the loose way of studying languages prevalent in our academical schools below. We are obliged to assume that a competent knowledge of the classical languages has been secured by those who enter upon our circle of studies, and when this is not the case, progress in Exegetical pursuits is slow and uncertain. The remedy is to be found in the raising of our American education in the classics to a higher standard, which is a work of time. The Senior and Middle Classes have read, with a view to Exegesis, the Book of Daniel, except the three first chapters, read by one of the classes before. In the Chaldee portions, they have been much benefitted by the faithful instruction they have had in that dialect by Mr. Cohen. In the method of study, time does not permit us to dwell upon the minutiae of grammar, except so far as necessary to the main sense. The only lectures in this department, during the year, have been on the transmission and present state of the text of the Old and New Testaments, which have been delivered before all the classes.

Didactic and Polemic Theology.—Dr. Thornwell, Professor.

I am happy in being able to make a favorable report of the diligence, punctuality and proficiency of all the classes in my department during the session that is soon to close. The Junior Class completed the first part of Paley's Evidences of Christianity, and have heard a course of lectures on the Inspiration, Canonical Authority and Internal Evidences of the Sacred Scriptures. The Middle Class has completed three books of Calvin's Institutes, and the Senior Class has heard a course of lectures on Theology. The course did not embrace the whole department, but the subject of Moral Government and the Covenant of Works was very fully discussed. Dissertations carefully composed on topics as-

signed by myself, have been required every three weeks from all the classes ; and I am happy to say, that these dissertations have evinced a very careful attention to the studies of the department.

My exercises have been so arranged, that the higher have been able to attend the recitations and lectures of the lower classes, and so have had the benefit of a review of their previous studies.

I regret very much that I cannot attend the examination, as I am quite sure that my classes are well prepared. They have taken great interest in the department, and have manifested a praiseworthy diligence in extending their inquiries beyond the circle of the text-books. We have some men of uncommon promise, and have no complaint to make of neglect on the part of any.

Department of Ecclesiastical History and Church Polity.—Dr. Adger, Professor.

The Junior Class has met the Professor of Ecclesiastical History and Church Polity once a week, for the study of the History of the Old Testament Church ; the text-book, Kurtz's Manual of Sacred History, a 12mo volume of over 400 pages. They have gone nearly through the whole work, and have carefully reviewed it. This class deserves the praise of marked diligence, (as I hope they may make manifest at the examination,) and also of great punctuality.

It has not been possible, this year, to give them any lectures at all. The Professor has only attempted, from time to time, by unwritten observations upon the topics that have arisen, to supplement or to correct the text-book where it has been found defective or incorrect. He hopes next year to be able to prepare some lectures on this branch of the course.

The Middle Class commenced Mosheim's Church History at the beginning of the term, and have gone very carefully over the first two volumes, and one-half of the third volume, besides reviewing the same. We have thus gone, this year, over nearly one-third more ground than we were able to do last year, and it is hoped with more care and thoroughness.

This class certainly has displayed, in the department of Church History, a high degree of industry ; but there has sometimes been a want of punctual attendance on the part of a few of the members of the class. The Professor lectured to this class from the 12th day of January, for more than two months, and hopes to complete the preparation of his course of lectures on Church History during this summer and the next term.

He has met this class twice a week through the term, excepting necessary absences.

The Senior Class has completed what remained to be read of Mosheim from last year, (viz.: the third volume, and about one-third of the second volume,) and then commenced the study of Church Polity. The text-book is Calvin's Fourth Book. The Professor has lectured also a few times to them on some of the more important topics. They have met him twice a week. Their attention to their studies has been very good, though interrupted sometimes by various causes. They have gone over considerably more ground than the preceding Senior Class, and it is believed have gone over it with greater benefit.

On the whole, the Professor feels prepared to make a very encouraging and favorable report of all the classes, and of most of the students in his department.

Sacred Rhetoric and Pastoral Theology.—Dr. Leland, Professor.

The Professor of Pastoral Theology and Sacred Rhetoric has pursued the following course of instruction in his department:

With the Senior Class he has had, weekly, two exercises on Homiletics, on Preaching and on Public Prayer, and one devoted to the criticism of Sermons. With the Middle Class, he has had two exercises in every week devoted to the Philosophy of Rhetoric, and one to the criticism of Sermons.

The members of both classes have presented, one in each week, successively, written discourses, read before the class, and thoroughly examined and corrected by the Professor.

In giving instruction in Pastoral Theology, all the Professors have united in the weekly conference.

4. *Benevolent Efforts.*

The Students have been engaged in these, more or less, during the year. The Missionary Church in the Sand Hills, ten miles from Columbia, founded by the Society of Missionary Inquiry, as a branch of the Columbia Church, has been attended to, wholly by them, generally with regularity and with some measure of encouragement. Ten persons have been received into the Church, under the labors of the brethren, since the last meeting of the Board. A Sunday School has been gathered and conducted by several members of the Junior Class, about three miles from town, and another has been commenced at the Odd Fellow's Hall, in Columbia. A meeting for the colored people has been kept up, on Sabbath and Wednes-

day nights, by one member of the Senior Class, and a Sabbath School, for their benefit, on Sabbath afternoons, by another member.

5. *The Religious State of the Seminary*

Has been good during the session, though not characterized, at all times, by that high tone of spirituality which is so greatly to be desired. There have been deep religious conflicts in the hearts of one and another, which has shown that the Spirit has not been absent from this school of the prophets. The last Thursday of February was observed, both in the Seminary and in the town, with unusual interest, as a day of prayer for Colleges. The College of the State, the Arsenal Military Academy, and the chief academic schools, suspended their ordinary exercises, and united with us in the Presbyterian Church, on this occasion ; a goodly and interesting assembly of a large and important portion of the young men of the State, with their instructors, paying a fitting respect to religion, and seeking, ostensibly, the influence of that grace which alone can purify the fountains of knowledge and make it a blessing.

We regard it too, as auspicious, that one of the Senior Class has been publicly set apart, in a large and interested congregation, by our solemn ordination-service, here at the place of his theological studies, as a Missionary to China, and is shortly to leave his native country, to take the place of others of our Alumni, whom God has removed from their labors there. We cannot but hope, and, indeed, have reason to believe, that the spirit of Missions has a far stronger hold on the hearts of those who remain, than for many years past. Could we but enjoy those extensive outpourings of the Spirit of God on our churches, schools and colleges, which other portions of the Church have experienced, we should see our Seminary more numerously frequented ; we would expect to share in this grace ourselves, and to be roused more truly to the wants of a perishing world.

XIV.—ANNUAL EXAMINATION.

The Board would respectfully report to the Synod, that they attended, as a body, the examination of the students, at the close of the term.

They regret that, in consequence of the absence of Dr. Thornwell in attendance upon the General Assembly, the examination

on Polemic and Didactic Theology was omitted ; and they regret it the more that Dr. Thornwell, in the Report of the Faculty to the Board, gave assurance of commendable diligence, and more than ordinary proficiency, on the part of the students, in the studies of his department. In noticing the omission, the Board would not be understood as expressing dissatisfaction with the absence of Dr. Thornwell, as they regard his presence at the present sessions of the Assembly as very important, if not absolutely necessary. Difficulties of this sort will hereafter be obviated by the action of the Board, at its present meeting, changing the time of commencing and closing the term, so that it shall expire two weeks earlier than heretofore.

The Board are happy in being able to say that the examination on the other branches of the Seminary course was more than ordinarily satisfactory. Mindful of the fact that differences in attainment are frequently due to differences in mental endowment, and that nervous embarrassment produces, in some cases, an appearance of ignorance which does not really exist, they are not prepared to pass a sweeping judgment upon the relative merits of the students. In a few cases, however, justice requires them to say that it appeared obvious that greater ability to sustain an examination might have been attained by closer diligence.

On the whole, the Board take unfeigned pleasure in stating it as their opinion, that the examination was creditable to both Students and Professors, evincing capacity, industry and proficiency, on the part of the former, and ability, conscientiousness and fidelity, on the part of the latter.

XV.—MISCELLANEOUS ITEMS.

1. *Donation of Judge John Perkins.*

Judge Perkins, of Mississippi, has made a donation to the Seminary of \$50,000, in the shape of evidences of debt, now in the hands of the Treasurer of the Seminary, of which \$30,000 will be due on the first of January, 1860, and the remainder on the first of January, 1863; and the whole amply secured. The objects and conditions of the gift are herein briefly condensed from the instrument conveying the same, and referred to in the Minutes of the Board, to wit :

John Perkins hath given to the Board of Directors of the Theological Seminary of the Synod of South Carolina and Georgia,

and their successors in office, the sum of \$50,000—\$30,000 of the same to be invested, as a permanent fund, for the endowment of a Professorship, in said Theological Seminary, of Natural Sciences as connected with Revealed Religion; the remaining \$20,000 to be invested, as a permanent fund, one-half of the proceeds of which shall be appropriated to the education of indigent pious young men for the ministry, the same being members of the Presbyterian Church in the United States; the remaining half of the proceeds to be appropriated to the support of disabled Ministers of the Gospel, and their widows and children, belonging to the said Church—the preference in the objects before mentioned to be always given to the citizens of Mississippi and Louisiana.

The Board acceded to the donation under the restrictions prescribed by Judge Perkins, and recommend to the Synods of South Carolina, Georgia, and Alabama, to establish the Professorship in the Seminary, as designated by Judge Perkins; and that the Professorship, when established, be styled the "Perkins Professorship of Natural Science in its Relations to Revealed Religion."

In case the said Professorship be established by the Synods, that they alter Article 1, Section 5, of the Constitution of the Seminary, so as to read thus, "The number of Professors in this Seminary, when fully organized, shall not be less than five, viz.: a Professor of Biblical Literature, of Christian Theology, of Church History and Polity, of Pastoral Duties and Sacred Rhetoric, and of Natural Science in its Relation to Revealed Religion. There may be, also, a Tutor of the Hebrew language, to be appointed by the Board, and his salary to be fixed by them.

2. The Synod of Alabama has adopted the Constitution of the Seminary, as amended by the Synods of South Carolina and Georgia, and has elected a full corps of Directors according to the provisions of that instrument.

3. Change in commencing and closing the terms.

That hereafter, the term commence on the third Monday in September, instead of the first Monday in October; and close with the second Thursday in May; and that the annual meeting of the Board take place on the evening of Monday, before the second Thursday in May in each year, and that the annual sermon be delivered at 8 o'clock, P. M., on that evening, in the First Presbyterian Church of Columbia; the examination of the seminary occurring on Tuesday, Wednesday and Thursday—the last days of the term.

4. The Board has taken the necessary steps to have the Charter of the Seminary amended, so as to hold property and funds to the amount of \$500,000.

5. The following Directors go out of office at this time, whose places must be filled by a new election, to wit:

ANNUAL REPORT OF THE BOARD OF TRUSTEES OF OGLETHORPE UNIVERSITY.

The Board of Trustees of Oglethorpe University held their annual meeting at Midway, on the 19th day of July, 1859, and the undersigned were appointed a Committee to prepare and forward to the Synods interested in and sustaining this Institution, a report of the condition of the University, and of their action in its behalf.

The Board of Trustees rejoice to be able to state that Oglethorpe University, in all of its departments, is in a prosperous condition. The number of students and graduates compares favorably with other Colleges in the State, the income has paid its expenses, and the graduates this year sent forth will, we trust, be an ornament to the Church and to society.

The report of the Faculty shows that the number of students, present during the year ending in July last, was ninety-seven. The graduating class consisted of twenty-three, twenty of whom received diplomas and three certificates of proficiency in the scientific course. No special outpouring of the Spirit has been enjoyed during the year, and whilst the students have generally been orderly, a few cases of discipline have occurred, though cases of discipline have been rare for several years.

The Board report that they have employed Mr. S. Knox, a graduate of the Institution, as tutor, in order to diminish the accumulated labors of the other members of the Faculty. His salary is small, and we hope, from the increasing tuition and other sources of income, to be able to pay it; at any rate it was a necessity.

The Board authorized the erection of a new brick edifice, three stories high, and containing sixteen rooms, and a hall for one of the literary societies. The funds for the erection of this building, have been raised by subscription by the Synod of Alabama. The building has, since the meeting of the Board, been placed under contract, and is to be erected on one side of the College Chapel, with reference to a similar one, which we hope, at no distant day, will be built on the other side.

The Board authorized the employment of Counsel to represent their interest in the Allen Legacy, in Mississippi, and authorized a compromise with the heirs if found expedient.

From the Treasurer's Report, herewith submitted, it will be seen that the Institution has been self-sustaining during the year.

Its indebtedness consists of two thousand dollars, incurred by the purchase of a Professor's house. In order to elevate this Institution to a position equal to any in the State, and where its permanence will be established and its usefulness extended, it needs funds to erect the second brick building, corresponding to the one already under contract—provision for the salary of the new tutor or professor, and an increase of the Library and apparatus.

All of which is respectfully submitted.

JOHN J. GRESHAM,
E. A. NISBET, } Committee.
